6. Click the checkbox under the **Yes** column next to **Pain (grading scale)**.

iKnowMedSM Generation 2

NOTE: Clicking SET ALL TO NA or SET ALL TO NO will overwrite any pain score recorded earlier that same day, resetting to 0 score or N/A, which will not meet the measure numerator.

7. Select the patient-reported pain score from the drop-down list.

8. Click  .

This concludes the lesson for **EOM 4a Pain Intensity Quantified**, a quality measure in the **Enhancing Oncology Model**.
