

Patients Admitted to Hospice for < 3 Days

This lesson covers the required documentation for the **MIPS #457 Patients Admitted to Hospice for Less than 3 Days** quality measure. This is an inverse measure.

The patient must have two E/M visits in the reporting year.

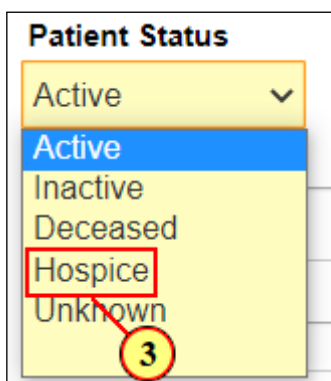

The documentation requires:

- **Diagnosis of cancer** (from problem list)
- **Date enrolled in hospice care**
- **Date of death with major cause of death**

Demographics

1. Click Demographics to enter date when the patient is enrolled in hospice care.
2. Click Edit to update information.

☐ Hem/Onc Disease

- If **Hem/Onc Disease** is selected the patient will be included in the denominator.
- When the **Cause of Death** is not documented the patient will be included in the denominator by default.
- If **Other** is selected the patient will not be included in the denominator.
- If left **blank**, it will be assumed the cause of death was related to the cancer diagnosis and will be included in the denominator.
